

Getting Out of Your Own Way 2007 with Ginny Robertson

Is there something you want to be, do or have?
Make this the year you make it happen!
Stop beating yourself up over failed New Year's
resolutions. If you want a different result...
you have to do something different.

In this workshop just for women you will:

Look at patterns to see what works and what doesn't

Gain clarity on what you want

Identify what may be in your way

Learn how to get out of your way

Identify what you need to do

Leave with a plan that will work

Saturday, February 24
